Consultants to the CPA Industry

FOR RELEASE ON 4/25/2022

Rosenberg Associates and Rampe Consulting Announce Merger

Expanded team and consulting services to better serve the CPA industry

CHICAGO, Ill. and GRAND RAPIDS, Mich. – Apr. 25, 2022 – The Rosenberg Associates and Rampe Consulting are pleased to announce their merger after collaborating closely for the past five years. The company will now be known as Rosenberg Associates.

“I am thrilled to be uniting with Rampe Consulting,” said Marc Rosenberg, founder and Managing Partner of Rosenberg Associates. “We’ve worked closely together for several years, during which time I’ve witnessed first-hand how Kristen and the four-member team at Rampe Consulting have enthusiastically embraced and absorbed the CPA firm consulting philosophy and methods I have honed for twenty years. I’m equally excited to add new services such as leadership development, professional coaching and human resources consulting. These new services – and the experts from Rampe Consulting who provide them – will greatly enhance our ability to meet our clients’ needs.”

Managing Partner Kristen Rampe, CPA, said, “Our focus, as we merge these two incredible firms, is to continue to provide innovative, proprietary consulting services to CPA firms across North America. We are excited to continue our partnerships with CPA firm leaders, future leaders and the CPA industry as a whole. Marc has created incredible resources for firms over the years, and we are honored to become part of Rosenberg Associates, so that we can provide consulting services to CPA firms for generations to come.”
